

## Table of Functionalities and Authorizations

in force since September 14, 2019

The Account Holder's rights under the Agreement are exercised:

- in person or through Authorized Representatives
- through Representatives.

The Account Holder may exercise all rights and obligations in person or through Authorized Representatives, whereby those persons may exercise the authorizations indicated in the Table of Functionalities and Authorizations as Representative's authorizations other than those exercised at a Branch only upon prior appointment of the Account Holder or of Authorized Representatives as Representatives by completing or amending the Representative's Card. This means in particular that access to Citibank Online, CitiPhone and the Card shall only be granted to Representatives and cannot be granted to the Account Holder or Authorized Representatives who have not been appointed as Representatives.

The Table of Functionalities and Authorizations prescribes the detailed scope of Representatives' authorizations and the functions made available to Representatives by the Bank in different channels for accessing the Account.

a) applies to Representatives' Cards filed with the Bank from August 1, 2018
